Fitness Center Unveiled

Londonderry Middle School received a \$100,000 Fitness Center over the summer and on Tuesday afternoon they had an official ribbon cutting. Matt Wolf, on left, a Student Ambassador and Physical Education Instructor, Matt Noon lead students in the cutting. See more on page 8. Photo by Chris Paul

School Board Discusses Special Meeting Petition

ALEX MALM
LONDONDERRY TIMES

During the Oct. 5 Londonderry School Board meeting the Board discussed how to respond to a petition filed requesting to hold

a special school district meeting concerning masks.

The question would ask voters whether or not masks in schools should be optional for everyone in all circumstances, which currently

isn't the case for the Londonderry School District.

Gordon Graham, who is the School District's Attorney, explained to the Board that under the

continued on page 3

School Board Holds Hearing on American Rescue Funds

ALEX MALM
LONDONDERRY TIMES

As part of the Oct. 5 Londonderry School Board meeting a public hearing was held regarding The American Rescue Plan Elementary and Secondary School Emergency Relief III funds.

"This fund provides the Londonderry School District with \$1,564,487.94 to help safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic on our students,"

said Lisa McKenney, the financial service manager for the School District.

The ESSER III funds was the fourth federal grant the District has received in response to the COVID-19 pandemic. In total they have received \$3,401,702.65.

It was explained by McKenney that there are certain restrictions for what the funds can be spent on.

"Londonderry must reserve at least 20 percent of funds to address learning loss through

the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs," McKenney said. "The balance of our allocation can be used for a wide range of activities."

During the meeting she outlined some of the things they plan on using the funds for.

Those plans include a math interventionist for \$105,000, PPE equipment for \$52,250, a venti-

Planning Board Reviews Air Cargo Expansion Plans

ALEX MALM
LONDONDERRY TIMES

During the Oct. 6 Londonderry Planning Board meeting a public hearing for a non-binding review and discussion regarding plans for a new air cargo facility at the Manchester Airport and partial relocation of Green Drive.

It was explained by Londonderry Town Planner Colleen Mailloux that there is an agreement in place that when the airport has a major project that there is a non-binding review so the Town can hold a public hearing and so the Planning Board can give comments or ideas for it.

"Its discussion only at this point," said Mailloux.

Jenna Dakalovic, the assistant airport director for properties and contracts for the Airport explained that the project is important because there is a greater volume of cargo at airports since the pandemic, and more of a demand for airports to have more room for cargo planes.

"It represents a substantial opportunity to increase the airport's cargo capacity," said Dakalovic.

She said that they expect the demand for cargo to stay the same or increase because of e-commerce, and right now they are at their maximum for cargo.

"Our current facili-

ties are at 100 percent capacity for cargo," said Dakalovic.

As part of the project they will be building a 65,000 square foot facility which will be leased to the company Aero-term, who will then be subleasing the facility to cargo plane companies.

It was also explained that if they get more tenants interested in subleasing space there they

lation system assessment for \$6,850, UV Light units for classroom disinfection at a cost of \$162,00, a custodial contract for sanitizing at \$90,000, and an extra kindergarten teacher to keep the class sizes down for a cost of \$63,445.

Some of the other things they are consider-

ing is touchless faucets for a cost of approximately \$200,000, a toilet and urinal auto flush for about \$100,00 and touch paper towel dispensers for about \$12,000. McKenney pointed out that they are all estimates at this point.

They have until September 2023 to spend the funds and McKenney said that they will be

going to the Board periodically to give them updates on how the funds are being spent.

One question that was asked was if they are possibly able to use some of the funds to hire a nurse for the district who can go around and administer rapid tests for students who have parental consent so they don't have to send students home or wait for PCR test results.

McKenney said they can look into it and bring it back to the School Board for them to consider it.

During the public comment period Rachel Killian said that as of January 2022 the PCR test isn't going to be acknowledged as the "test" any longer and said they should start thinking about other ways for kids to make up for their learning loss

who have to get tested or have symptoms.

She also explained that since they spent \$24,450 on cameras for remote instruction, she said "It would be great like we asked if we used those cameras for learning not being had so that students can zoom into their classrooms like we've discussed a few times," Killian said.

The School Board unanimously approved

the acceptance of the funds.

Also during the meeting the School Board accepted the resignations of Jennifer Fortin, a special education assistant at the South Elementary School, Amy Furlong a special education assistant at Matthew Thornton Elementary, and Jillian Grennon a technology assistant at the North Elementary School.

Recovering Bright Futures Program Brings Learning Pods to District

The New Hampshire Department of Education announced recently that the Londonderry School District is the latest recipient of the Department's Recovering Bright Futures grant, to offer a learning pod instructional model to families in the district.

In partnership with Prenda, the Department created the Recovering Bright Futures program to bring an innovative instructional model to NH students, families and schools. District

Pods are embedded in New Hampshire school districts and provide students a unique learning environment. The grants are provided through COVID-19 response funds received by the State of NH. Previously announced learning pods include the Bow, Dunbarton, Fremont and Haverhill school districts.

"Learning Pods may be new to many, but throughout the pandemic and across the country, they have served over one million stu-

dents in small-group, multi-age and trauma sensitive learning environments," stated Frank Edelblut, commissioner of education. "Learning Pods are particularly helpful to students who have experienced learning loss and will thrive with more individualized attention."

All NH school districts, including traditional and public charter schools, are eligible to participate in the District Learning Pod program. In addition, home education families are

eligible to participate in Community Learning Pods.

Families and districts can find more information about the Recovering Bright Futures from the Department's website <https://learningpodseducation.nh.gov/> or by contacting Gabby Fisk.

What is a Learning Pod? Learning Pods involve small, in-person, multi-age groupings of students in a trauma sensitive environment that allow children to stabilize, rekindle cur-

iosity, and accelerate learning. Generally, a learning pod has between 5 – 10 students in grades K-2, 3-5 or 6-8 groupings. Instruction of students in the District Learning Pod will reflect a partnership between the local education agency (LEA) and Prenda, which includes the following:

- Instruction will be conducted 100% by Prenda.

- Special Education services will be provided both by, where appropriate, and the LEA. Prenda has the capacity to meet many IEP accommodations, and certain specialized

services will continue to be provided by the LEA. The LEA will continue to be responsible for IEP support services.

- Instruction will occur in an approved facility agreed upon by the LEA and Prenda Schools.

- The LEA and Prenda will agree on data reporting, including attendance, student progress, etc.

- The LEA will agree to receive students back from the Learning Pod if the LEA, family or Prenda determine that the student would benefit from a return to the classroom learning environment.

Planning Board Approves Site Plan for Health Care Office

ALEX MALM
LONDONDERRY TIMES

During the Oct. 6 Londonderry Planning Board meeting one of the items on the agenda was in regards to a site plan amendment to change the property use for 213 Rockingham Road from a spa to a professional office, and for a 672 square foot building addition along with site improvements.

It was explained by the owner Paula Gagne that she owns and operates Regency Home

Health which provides home health care services in the community. She said that she moved from Manchester to Londonderry last year.

"I'm very happy to be here in Londonderry, we're looking forward to getting this project done," she said.

It was explained by Karl Dubay from the Dubay Group who was representing Gagne said that it's an office with a handful of people working there.

He explained that they delegate services

for people in the community like nursing, personal and physical therapists and that there wouldn't be many people going in and out of their office, saying that it's going to be more of a management office.

Since it was a spa before he said there would be significantly less traffic there with an office.

"This is very, very quiet," Dubay said.

He told the Board that they were granted a variance for a setback for the property and

that they are going to put a rain garden in the back of the property to help with drainage.

"It will pretty much look like what you see there now," Dubay said.

The Planning Board unanimously approved the site plan amendment.

Capital Improvement Plan

Also during the meeting the Board took a vote on the Capital Improvement Plan for 2023 to 2028 something that occurs every year.

"This is a critical tool

for determining the infrastructure needs of the community," said Planning Board Chairman Arthur Rugg.

He said that it's also a budgetary tool for the Town Council, the School District, and the Budget Committee.

Amy Kizak the GIS Manager and Comprehensive Planner for the Town said that this year there aren't any new projects in Town.

"Due to the COVID pandemic and some other things going on there have been no new

Town projects this year," she said.

She also pointed out that the Londonderry School Board is still in the process of doing their 10-year facilities master plan so they don't know what project they will have. However, since they know they will have projects, they put placeholders on the plan for their projects.

The Board unanimously approved the plan and will now send it to the Town Council, the School Board and the Budget Committee.

Petition

Continued from page 1

state laws and statutes they have reasonable discretion to not have a special meeting.

In his view he felt that they reasonably didn't have to call a special meeting.

"In our opinion... the Board is not required to call a special school district meeting in spite of the receipt of the petition," Graham said. "It may do so but it's not required to do so."

He said that the petition was valid since it had 50 valid signatures.

"It's up to you as a board to make a determination," Graham said.

Graham explained that if they were to have a special school district meeting they would have a deliberative session where they present the warrant article to the community and then would have a ballot question election about seven weeks later.

"It would be full fledged voting," Graham said.

He said that regardless of the outcome of the vote it would be advisory only meaning the School Board could vote to adopt their policy based on the outcome or not.

School Board member Bob Slater said that he thinks they should allow voters to give their opinions through the election.

"It would speak for the entire community," he said.

Slater said that the issue has virtually torn apart the community

and it would allow both sides of the issue to get people out to vote and then they could see how the results turn out.

In the interim they could continue doing what they are doing, he said.

"It's been a lot on all of us," Slater said.

Recently appointed School Board member Greg DePasse said that he thought it would be good to have a survey for parents and guar-

dians so they could get their feedback instead of just getting feedback from voters in general. He pointed out they would likely be able to get the results back quicker and for a cheaper price.

One of the concerns that was pointed out by the Board was how they would be able to make sure the surveys are secured so they can get accurate results.

Superintendent Scott

Laliberte said that they would be able to look at different options to conduct the survey to make sure it's secured as possible. He said that they should be able to have a proposed option by the next Board meeting.

It was ultimately decided by the Board to table a decision regarding the petition until they hear the presentation from the administration about the logistics regarding the survey.

A Season for Common Sense

Autumn brings the color orange to mind this time of year with all the pumpkins, mums, and the turning of leaves. That special bright orange color worn by hunters as a safety precaution becomes a particularly important part of our attire in the outdoors this time of year.

It's hunting season in the Granite State again, and that means those pristine woods in your backyard or along your favorite path are likely to resound with more than bird song.

The sounds of gunshots will be heard, and that calls for exercising extra caution when you're in or near the woods - whether you're aiming the gun or sipping coffee on the back porch.

Don't take chances.

For hunters, always be sure of your target, taking special care in knowing that what you see is really what you're hunting. In other words, identify your target before you fire. Make sure you take what you learned in hunter education seriously, and furthermore, take some form of hunter education before taking to the woods, know your weapon. The life you save may be you're own or your neighbor's.

Be certain you're not trespassing in pursuit of your hobby. Be respectful of the land where you hunt, and the neighbors around you.

Know the rules. If the land is posted "No Hunting" and you don't have personal permission to hunt there, go somewhere else.

Make sure you are leaving the land as you found it or maybe better.

Each year, both private and town owned land is trashed or vandalized. Whether it's someone's idea of a private shooting range, leaving spent cartridges, beer cans, trees cut down without permission, or ATV damage to trails, the "rotten apple" spoils it for everyone else. Hunter or not, make sure to clean up after yourself.

For the rest of us, this is the season we don't want to be roaming around in the brush.

Wear bright orange when you're in an area where hunting is likely and make sure your faithful canine companion is sporting a matching ensemble for his or her safety.

Fall is a beautiful time to be in the woods as long as we are being safe rather than sorry.

We know the vast majority of hunters use common sense in the pursuit of their game, but in southern New Hampshire, woods and homes are close neighbors.

On a clear fall morning, or evening the sound of gunshots is a good clue that you're not alone.

Take care, and enjoy a beautiful fall.

Letters

Why Education Matters

To the editor,

The NH legislature created a school voucher program last year called Education Freedom Accounts. As reported in the Forbes Magazine, "The state will hand its share of a student's education funding to a scholarship organization to give to families for a wide assortment of expenses, with loose limits on who could get the voucher, few limits on how it could be spent, and no oversight of the taxpayer dollars." This effectively removes money from public schools and encourages it to be spent on home schooling, charter, religious, or private schools. It gives them maximum flexibility to them with respect to course content and admissions policies. There are no educational standards or oversight over how the money is used.

I am concerned that this is an effort to weaken our public school system which I view as the bedrock of our democracy. Schools are more than the buildings and academic courses. They are the center of town life. Think of how much of our identity as a town is wrapped up in our band, our sports teams, and all that is embodied in Lancer Nation. In a time when more and more things drive people apart, it brings us together. Let's not endanger the variety and quality of our academic programs and school activities.

I am all for using innovative technology to improve classroom performance. Particularly if it frees teachers to do the more important

parts of their jobs in assessing student needs and providing targeted instruction to help individual students.

As we move forward everything will become more complex and will require more skills not less. Artificial intelligence will take over many of our less demanding intellectual tasks and advances in all areas of technology will require us to rethink our old ways of doing business. We are in a global competition for leadership in the future. Now is the time to strengthen our education system not weaken it.

President Kennedy said when he received an honorary degree from Yale - that he had the best of both worlds - "a Yale degree and a Harvard education". I think our children deserve an education.

James Green
Londonderry

RE: Observation/Blather

To the Editor:

Unfortunately, once again we have all had to suffer through the foolish nonsense from Paul Minnillo. It is a good thing for him we are now called a town vs. a village, as he would be forever known as the Village Idiot. No worries, I'll give YOU the definition: The village idiot in strict terms is a person locally known for ignorance or stupidity but is also a common term for a stereotypically silly or nonsensical person. Now that P.M. has had a taste of his own medicine, lets hope he will change his approach in the future?

Far too much to unpack in the ramblings of

his letter here. So, we'll just take some highlights:

Keystone Pipeline: As previously mentioned, was ONLY 8% complete. This means it was contributing NOTHING to our Energy needs of today. For those who do not know: This was a Pipeline from Canadian Tar Sands fields in Canada, piped vertically across the US to a refinery in Texas. Aside from the obvious risks the main problem with this is: The largest lease holder in Canada's oil sands is a subsidiary of Koch Industries, the conglomerate that is the source of the fortune owned by the controversial conservative political donors, Charles and David Koch. This Oil would be destined to Pine Bend Refinery. This facility is owned by Flint Hills Resources (FHR), a subsidiary of Koch Industries. By the way, there was NO language which stated that any Oil refined had to be sold in the US.

Russian Pipeline: Known as Nord Stream II project. Good news: I had told you last time it was 98% complete, and now was completed in September 2021, after many years of construction. This is really between Russia and Germany and largely Europe. My guess is; since this pipeline is carrying Natural Gas, the US Oil Export industry to Europe folks are all up in knots about it. No Surprise really, as we all know, the Oil industry owns the Republican party.

I will give you a hint: If you take the Keystone and Nord stream paragraphs together, they may start to draw you a picture?

Going Green in Londonderry: Water is Essential to All Life on Our Planet

Surface and ground waters support a variety of human uses, including drinking, irrigation of crops and landscapes, industrial processes, domestic applications, and recreation.

Residents have historically thought of NH as water-rich, and of conservation as something that only people in dry states need to prac-

tice. However, that perception is changing. As Benjamin Franklin said, "When the well's dry, you know the worth of water," which was later paraphrased by Rowland Howard as "You never miss the water 'til the well runs dry."

Lower Water Levels

In parts of our state, wells have indeed gone dry. Water levels in some NH lakes, ponds,

aquifers, and streams have dropped, largely due to over-mining of groundwater supplies. When private and public water wells withdraw more water than the aquifer that supplies them can provide, surface waters may recharge the groundwater. This condition can have serious impacts on both public health and the economy.

Federal regulations applicable to public drinking water quality have become progressively more stringent. Untreated water that once met federal drinking water quality standards is no longer considered drinkable, and public water suppliers are faced with the increasing chemical, energy, and waste disposal costs of treating water. These cost increases are passed along to their customers in the form of higher rates.

Groundwater supplies are more frequently experiencing quantity deficits. Many private and community wells in NH have been deepened, replaced, or abandoned due to dwindling production. This decline can be attributed to the stress of escalating

housing and industrial development and periodic near-drought conditions. Drilling more or deeper wells, however, will not solve long-term water availability problems.

Water Saving Measures

This does not mean NH residents have to do without adequate water. It simply means that we need to adopt more efficient ways of using water. States that are less water-rich than NH have practiced water efficiency methods for decades. Thousands of water-efficient products are now available. Water efficiency management techniques have also been developed, including water use and conservation audits, water fixture retrofitting, irrigation scheduling, and water supply mainte-

nance programs.

Water efficiency practices are proven to save valuable water resources and protect the environment. One of the great side benefits of these practices is the simple fact that they save money. Even though the initial cost of replacements or retrofits might be high, most water users find the water-related savings result in a surprisingly short payback period.

Visit the Londonderry Solid Waste and Environment Committee website for meeting and contact information at www.londonderrynh.org/solid-waste-and-environment-committee.

Provided by the NH Department of Environmental Services and the Londonderry Solid Waste and Environment Committee

Got Questions? Want Answers?

People often contact us asking questions on whatever topics they think we might know something about. The questions run the gamut from new residents trying to understand the area and its resources to residents wanting to know who to contact or how to get something accomplished that they believe needs attention. We do our best to give them accurate answers or point them to someone one or somewhere where they can get their answers. For example the other day, the paper was asked why the Drop Off Center is only Open

one day a week. Perhaps you would want to know the answer to that question. Perhaps you have a question that you want answered, and you think others in town would like to know the answer as well.

We are starting a periodic column to answer those questions we receive. The questions must meet our publication's parameters. Please keep your question to 50 words or less.

Submit your question to londonderrytimes@nutpub.net or in writing to Londonderry Times, Nutfield Publishing, LLC 118 Hardy Road, Londonderry, NH 03053.

hind: After the Aug. 31 deadline, the State department stated less than 200 people remained who wished to leave. Latest reports are about 85 U.S. citizens and 79 Lawful persons (dual citizenship or SIV) have been airlifted out of Afghanistan since Aug. 31. (Do the math). Also, BRAVO!

Another Observation (just because you hate it). Despite NO plan for the Pandemic, Afghanistan or Vaccinating the US by the previous CBR; to date: 78% of the adult population in the United States have received at least one dose of a COVID-19 vaccine. BRAVO! Unemployment down from the Orange Clowns high

of 14.8% to 4.8%. Stock Market up 5,000 points. Given the last two were metrics used by the Orange Clown, shouldn't you be whistling Dixie out your backside?

Have a Fantastic Day!
Steve Homsey
Londonderry

Patriotism

To the editor,
We fight and sacrifice in wartime for what is good for our nation and not what is necessarily good for "me". Death is not generally good for me. We pay taxes for what is necessary to keep our country, state and town running. We want Police Departments, Fire Departments, Highway Departments and Education

Departments. We don't like paying taxes. We would prefer to keep our money but we pay taxes because it is what is necessary to keep our society alive and well and, hopefully, not ignorant. It is for the common good. Patriotism is putting our country's welfare above the individual's.

We have "rules of the road" that most of us follow and obey even if there isn't a police presence. There are many, many laws that are written in the best interests and well-being of our society. We don't always like them because many of us don't like being told what to do but we abide by them because it is considered best for our fellow citizens. This is sacrifice in a sense.

We are looking out for one another and this is also patriotism.

When do we as Americans put our own selfish needs above what is good for the country as a whole? (Some do of course but that's a story for another day.) If somebody refuses to do something that is little-to-no-risk to themselves but will save countless American lives, is this patriotism?

There have been nearly 400 million vaccinations given in the USA alone. More than 6 billion worldwide. 6 billion! If there were serious side effects, we'd know! The Intensive Care Units aren't overflowing with people suffering from side effects of vaccinations. They are overflowing with folks who are

refusing to get vaccinated and, thereby, endangering their own families, neighbors and fellow citizens. In short, prolonging this pandemic. The Covid-19 vaccinations are proven to work. The data is there. There is truly no rational debate. The only "debate" possible is based on misinformation and lies. As Americans, we need to stick together and help each other and do things that are for the common good. Period. If somebody still refuses

to get vaccinated (exception being for a medical reason), is this patriotism in any sense of the word? Or is it selfish?

If we could put politics aside, use our brains and look at the facts (there is only one set of facts, that's what facts are, they are not debatable) perhaps we could come together, do what's right for the common good, get vaccinated, be patriotic Americans together, and put this pandemic behind us. Amen.

Bruce Stern
Londonderry

Air Cargo

Continued from page 1

may expand the building to up to 100,000 square feet. At first they would have three parking spaces for cargo planes but could expand to four spaces if they have the demand for it.

It was pointed out that they didn't want to build a single-use facility so it can ultimately be used for many different things in the future if needed.

It was also explained by Brian Smith, an engineer for the project, that in order for the project to be completed they will need to relocate a portion of Green Drive.

Ex Officio Deb Paul asked how many more planes and how many more trucks do they anticipate coming in now that they will have a cargo facility.

Dakalovic said that it would vary and any given tennant would have about one or two flights

per day most likely.

She said that the planes would be smaller than FedEx and UPS planes.

Paul also asked how much more deicing of the planes there will be, pointing out that water contamination can happen from the deicing.

"I am concerned about the water in this Town," she said.

Smith said that it would depend on how many planes that come there.

"If there are more aircrafts there will be more deicing," Smith said.

One question that was asked by Londonderry Planning Board member Ann Chiampa

was in regards to noise.

She asked if they have any quiet hours or if planes are allowed to fly in and out of the airport 24-7.

"We don't have assigned quiet hours," said Dakalovic.

Londonderry Planning Board Chairman Arthur Rugg, who said that he lives on the flight path said that the planes have become quieter over the years, from his observations.

"It's quieter now than it was five, six and definitely ten years ago," he said.

The project is expected to be completed in October of 2022.

OBITUARY

Michelle M. Vallee

Michelle M. Vallee, 59, of Londonderry, NH passed away at her residence Wednesday, Oct. 6, 2021. Michelle was born in Providence, RI on Dec. 27, 1961, a daughter of Gerald Faneuf and Aileen P. Malone. She had resided in Londonderry for the last 20 years, formerly living in Goffstown, NH. Michelle grew up in Barrington, RI and Sudbury, MA with her family.

She is remembered as a loving daughter, sister, and mother. Her infectious laugh, fun spirit, and delicious home cooking will be missed by the people whose lives she touched. Michelle was an accomplished horsewoman, who loved working with horses and teaching others to ride. She adopted and cared for many animals in need of a home throughout her life. Michelle shared these joys with family and many devoted friends.

Michelle is survived by her daughter, Corin Vallee of Englewood, CO; her partner, Andrew Therien; her father, Gerald Faneuf and his wife Margaret of Epsom, NH; her mother, Aileen P. Malone of W. Kingston, RI; two sisters, Patricia F. Jones of Seattle, WA and Nancy M. Ouhib of Parkland, FL; her brother-in-laws, Zoubir Ouhib of Parkland, FL, and Patrick Jones of Seattle, WA. She also leaves her nieces and nephews, Nadia Ouhib of Richmond, CA, Madjid Ouhib of San Diego, CA, Todd Therien of Candia, NH, and Tia Therien of Hooksett, NH.

Calling hours were held on Tuesday Oct. 12, in the Peabody Funeral Homes and Crematorium. In remembrance of Michelle's life, the family asks that any charitable donations be made in her honor to the equine programs at Angell Animal Medical Center or the animal rescue of your choice.

NH DOT to Hold Informational Meeting on Exit 4A Project

The New Hampshire Department of Transportation (NHDOT) is asking the public to join them for a Public Informational Meeting on the Derry-Londonderry 13065 I-93 Exit 4A Project, on Thursday evening, Oct. 28, at the Derry Municipal Center, on Manning Street on the Third Floor Meeting Room starting at 6 p.m.

The NHDOT will be advancing their final design for the Derry-Londonderry I-93 Exit 4A project. According to

the DOT, the project is expected reduce congestion, improve safety, and promote economic vitality in the project corridor.

The Public Informational Meeting has been scheduled to present a project overview and design update with a focus on the 13065A interchange area.

The meeting is expected to begin with an Open House, where participants can view project plans and ask questions of project team members.

A formal presenta-

tion will follow the Open House and the public will have an opportunity to ask questions or make comments then also.

The organizers are inviting residents, business owners, commuters, elected officials, and others with an interest in the project to attend.

The meeting will also be broadcast live on DerryTV 17, livestreamed, and will be available on-demand. To watch, visit DerryCAM at <https://derrycam.org/tu> ne-in.

For more information about the project, those interested can visit www.i93exit4a.com <https://i93exit4a.us5.list-manage.com/track/click>.

Those who have comments or questions about the project but will unable to attend the meeting may contact:

Wendy A. Johnson, P.E., Project Manager

NH Department of Transportation

P.O. Box 483, Concord, NH 03302

Or Exit4A@dot.nh.gov for further information about the meeting, or to provide comments and

questions.

Any individuals needing assistance or auxiliary communication equipment should contact the NHDOT Bureau of Right-of-Way by calling 603-271-3222; TDD Access: Relay NH 1-800-735-2964. Notification of the need for assistance should be made at your earliest convenience.

The DOT is asking concerned residents to share this information with anyone you think will be interested in learning more about the project.

OBITUARY

Maxwell H. Parsons Jr.

Maxwell H. Parsons Jr., 54, of Londonderry, NH, died Tuesday Oct. 5, 2021, in the Southern NH Medical Center in Nashua, NH surrounded by his loving family and friends. He was born in Boston, MA on June 24, 1967, a son of Maxwell and Estelle (Porter) Parsons. He had been a resident of Londonderry for the past 14 years, formerly living in Peabody, MA and Everett, MA. Max was raised in Everett where he had attended Everett High School. He was employed as a crane operator for Technical Tree Service in Goffstown, NH.

He is survived by his wife, Stacey (Sally) Parsons of Londonderry; two daughters, Olivia Anne Parsons, and Emelia Mae Parsons both of Londonderry; his brother, Steven Parsons of Bridgton, ME; four sisters, Linda Sheridan of Billerica, MA, Kathy Sobolewski of Pelham, NH, Maureen Sullivan of Revere, MA, and Kimberly Maio of Everett; as well as many nieces and nephews. He was predeceased by his sister, Anne Sullivan of Everett.

Max was a dedicated father first and foremost. He treasured his children and embraced every moment with them. Even if it was just something as simple as walking down to the mailbox with them, he treasured the moment. He was the best husband, dad, brother, uncle, friend anyone could ever ask for. The love he and his wife Stacey had for each other was infinite. He lived life to the fullest doing crazy, fun activities like scuba diving, skydiving and water skiing but he also loved simple things like sitting around bonfires with his best friends or scenic rides through the mountains. Tree work was his passion and he loved to teach his endless skills to others, including his nephews. One of his favorite things to do was collecting WWII gear and building models. He knew anything involving the military even though he was never able to join. Max would do anything for anyone...literally give you the shirt off his back. He was the life of the party and made friends with everyone he came in contact with. He left a huge impression on whomever he met. He will be sadly missed. The world will never be the same. We love you, Max!

Following cremation, a memorial service will be held at a later date. Memorial contributions may be made to Wounded Warrior Project. The Peabody Funeral Homes and Crematorium, 15 Birch St., Derry is assisting the family with arrangements.

Aviation Museum Hosts 'Haunted Halloween Hangar' on Saturday, Oct. 23

Witches and their flying broomsticks mean Halloween and aviation are made for each other.

Starting in October, The Aviation Museum will be featuring a huge selection of Halloween decorative items for sale on several display tables, with all proceeds to benefit the Aviation Museum.

Thanks to Glenda and Ed Fischer for mak-

ing available Glenda's lifetime collection of spooky treasures to support the museum! These gift tables will be out through Sunday, Oct. 31 (or until we sell out!)

For Halloween this year, we're going all out on Saturday, Oct. 23, when the Aviation Museum of N.H. will become the 'Haunted Halloween Hangar'- a spooky place where kids can get their official "Broomstick

Pilot's License" to fly a broomstick on Halloween. But to get the license, they'll have to visit the haunted hangar (a/k/a the Slusser Center), where the ghosts of aviation history will tell

of their exploits and hand out treats. At the end, as they exit via the back door, kids will get an official Broomstick Pilot License with their picture on it.

New Fitness Center Unveiled at Londonderry Middle School

The Londonderry Middle School was one of three schools in New Hampshire to receive a \$100,000 state of the art "Don't Quit Fitness Center" through a grant by the National Foundation for Governors' Fitness Council's. On Tuesday afternoon, Oct. 12, members of the middle school's Student Ambassadors for the council met through video conference with the program founder, Jake "Body by Jake" Steinfeld, who told the school that he is happy to share this fitness program with student across the country and hopes to have centers in every state. Jake feels that physical fitness is an essential part of a child's development and also hopes the program will help to combat childhood obesity.

LONDONDERRY SPORTS

Lancers Continue Control of Division with Win Over Jags

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Football squad continued its quest for another perfect season on Saturday afternoon when the traveled south, to Windham High School and came away with a dominant Division I victory.

The Lancers beat the Jaguars 42-13 with many of the LHS touchdowns coming by way of the air.

The road game, on Saturday, Oct. 9, started fairly even in the first quarter, with each team scoring seven points, but the following three periods were dominated by Londonderry.

Windham came into the game as the overwhelming underdog, having only one win this season, whereas LHS has yet to suffer a defeat.

Lancer Andrew Kullman put his team on the board first with a 50-yard run into the Windham

end zone at the 11-minute mark in the game. Kicker Dylan Wrisley's extra point attempt was good for the 7-0 Lancer lead.

The Jaguars answered with six points of their own, completing a 24-yard pass into the Lancer end zone at 4:43 in the first.

Kullman added his second touchdown of the game with a 38-yard reception from quarterback Drew Heenan. The point after by Wrisley was good for a 14-6 Lancer lead.

Just one-minute later, after a Windham turnover, the Lancers scored their third touchdown of the game to lead 21-6.

Heenan completed a 19-yard pass to Colby Ramshaw and Wrisley added the extra point at 8:35 in the second quarter.

Before the first half ended, Heenan connected with Grady Daron for

a five-yard touchdown reception making the game 27-6 going into halftime.

The Jaguars had their only other points of the game in the third quarter, with a five-yard reception to pay dirt of their own.

The Lancers scored twice in the final quarter of the game for the dominating victory.

Riley Boles ran for five-yards and Heenan completed another pass to Ramshaw for final touchdowns in the contest. Wrisley added two points with his foot to add to the 42-13 final score.

Londonderry had 246-yards of total offense with 99-yards coming through the air.

Windham tallied 153-yards of offensive yards with 90-yards coming from passes.

Kullman led the Lancers in rushing, he had 58-yards on two carries.

Trevor Weinmann had 29-yards, Matthew Perron accrued 25-yards and Jake Schena finished with 23 rushing yards.

Kullman, Weinmann and Ramshaw each had two receptions. Kullman for 49-yards, Weinmann had 24 and Ramshaw had 21-yards.

The win gave Londonderry a perfect 6-0 record heading into the final three weeks of the season.

The only other Division I team without a loss is Winnacunnett, who the Lancers will not be facing in the regular season.

Londonderry will host the Keene Black Birds (3-2) on Friday night, Oct. 15, to try for their seventh consecutive win.

Lancers Boys Soccer Squad Beats BG Loses to Hanover

Lancer senior Tyler Kraft had three goals in the team's game against BG. Photo by Chris Paul

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Boys Soccer team wound up on either side of a shutout last week, winning 5-0 against Bishop Guertin in their first game of the week, then, losing 2-0 to Hanover High School on Thursday.

The result of those to contest had the Lancers looking at an 8-4 record as the fall season begins winding down.

In Monday's game played in Londonderry on Tuesday, Oct. 5, the Lancers reached 8-3 with a 5-0 blanking of the Bishop Guertin Cardinals. The cards fell to 3-8.

The LHS side scored three unanswered goals in the first half to start the contest.

Senior Tyler Kraft scored at 6:00 with an assist from junior Brady Joncas.

Fourteen minutes later Kraft scored again with the assist going to Joncas once more.

In the 22nd minute, junior Owen Evans scored his first varsity goal, assisted from Cristian Levantovski-Correa.

In the second half, John Baumann got an assist from Levantovski-Correa for the fourth goal of the afternoon in the 56th minute.

Kraft hit his third goal in the game off a free kick to finish the scoring for Londonderry.

Lancer keeper sophomore Jason Reilly made three saves in the victory while the BG net-minder needed to make 13 saves.

Head coach Todd Ellis commented, "The team really opened up and moved the ball really well. A couple of our goals involved 6-7 players, players only used 1-2 touches, and we covered large parts of the field."

That momentum from the lopsided win did not carry through two days later when the team traveled to Hanover High School and could get to the back of the Marauder net.

Londonderry suffered a 2-0 shut out in the game putting their season record at 8-4, while Hanover moved to 9-2-1.

The Lancers kept the game close through the first half, with both side failing to score, but in the second half, Hanover

scored at the 50-minute mark on a penalty kick.

Eighteen minutes later, the Marauder squad kicked in their second goal of the game for the win.

Reilly had six saves in the game and the Hanover keeper made three saves.

Ellis praised the victors somewhat, saying, "They are a quality team. Hanover is a tough place to go and play. We competed well in the first half, but the second half they had the better of it."

The Lancers were scheduled to play Windham High School (8-2-2) at home on Tuesday night, then travel to the seacoast for a game against the Winnacunnet Warriors (7-5) on Thursday afternoon.

Lancers XC Take Sixth and Seventh in Battle of the Border

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Cross Country teams competed in the 17th annual Battle of the Bor-

der 3.1 mile Run on Saturday, Oct. 9, in Hudson at Alvirne High School and both teams very decent showings with the girls finishing in sixth place and the boys

took seventh in the large event. The boys competed against 22 teams from the Granite State and Massachusetts and the girls had 13 teams racing from the two states.

BOYS

The Lancer boys top runner was Ryan Fortin, who was able to finish in eighth place out of nearly 150 runners with a time of 5:08.4. He was about 11 seconds behind the winner from Needham, Massachusetts who finished at 4:57.6. Sean Clegg was the next Lancer runner to cross the finish line, he took 13th with a time of 5:13.6.

Will Plante finished with a time of 5:30.7 for

the 30th spot in the race and Justin Dickson finished in 45th at 5:37.8.

Brendan Jilian had a time of 5:56 and Colby Lynch finished at 5:58.8.

GIRLS

For the Lady Lancer runners, Grace McDonough was once again the first Londonderry runner to cross the line. McDonough had a time of 6:32 for the 16th spot in the race. She was about 30 seconds behind the winner from Winnacunnet who had a

time of 6:06.2.

Adriana Nadeau was the next Lady Lancer to finish in the race, she took 40th place with a time of 6:56.4.

Sadye White was right behind her with a time of 6:59.1 and the 43rd place.

Amara Williams finished in 45th crossing the line at exactly the seven-minute mark.

Emily Smith finished at 7:20.7 and Maura O'Shaughnessey had a time of 7:43.6.

Lady Lancer Volleyball Squad Keeps Serving Up Victories

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Girls' Volleyball team added three more wins to their season tally last week and now sit at 10-3

as they head into the final stretch of the fall season.

The Lady Lancers only dropped two sets in three games last week and are riding a six game winning streak.

The Londonderry

squad started the week on Monday, Oct. 4, with a trip to Nashua, facing Bishop Guertin (6-3) where they improved to 8-3 after a 3-1 win over the Lady Cardinals.

Senior Kelsey Sanborn had another good night with 22 kills, five digs and four aces.

Juniors Lexi Small added 32 assists, six aces and four digs, Madi Saucier had 9 kills and two aces and Sydney Rankin notched six aces, five digs and three assists in the victory.

The LHS squad followed that strong win up with a straight set triumph over Concord High School (7-4) on Wednesday night at home.

The Lady Lancers improved to 9-3 with their 3-0 win over the Lady Crimson Tide.

Small had 21 assists, seven digs and four aces in the match, while Sanborn added 14 kills and eight digs. Senior Laura Haas was good for 10 digs in the victory.

The team ended their week with a trip to the seacoast on Friday night, Oct. 8, where they were able to notch another mark in the win column at Portsmouth High School.

The Londonderry girls improved to 10-3 with a four set win against a tough Lady Clippers team, who dropped to 8-5 with the loss.

Haas and junior Bella Elguezabal paced the defense with 17 and eight digs respectively.

The offense had six players excelling at the net with kills.

Sanborn had 11, junior Abby Woodruff had seven, and juniors Shannon Ball, Lacey Turner, Madi Saucier and Lexi Small all had five kills.

The team will have their toughest week of the season coming up with road games against Windham High School on Wednesday and Bedford High School on Friday night.

The Lady Jaguars to lose a match and are only have one loss this

season while Bedford's Lady Bulldogs have yet to lose a match and are boasting a 14-0 record.

Lady Lancer junior Sydney Rankin has been a valuable asset at the service line this year.

Photo by Chris Paul

Athletes of the Week

Week of Oct. 3

Cristian Levantovski-Correa, Junior
Boys Soccer

As a junior, Cristian is one of the team's captains, and has accumulated five goals and six assists this year. The high expectations he has for himself and a great work ethic is extremely inspiring.

Ashley Manor
Senior, Girls Soccer

The senior captain has been a major part of the offense and she works tirelessly in practices and games to make herself and her teammates better soccer players and better people.

Lady Lancer Field Hockey Squad Rattles Off Three Wins

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Field Hockey team has

running off a good head of steam heading into the final week of the fall season.

After having a rough

start in the first three weeks of the season, the Lady Lancers have won every game so far in the month of October.

Last week the team out scored their opponents 9-1 and achieved a 7-6-2 record with one game left in the regular season.

In the team's first game of the week, on Monday, Oct. 4, the LHS squad traveled to Merrimack High School where they won 4-1 against the 1-12-1 Lady Tomahawks.

Two days later, in Nashua, the Lady Lancers blanked the Nashua North Lady Titans 2-0 with junior Meghan Daileanes providing all the offense for her Londonderry team.

Then on Saturday morning, the Lancers continued their winning ways with another one-sided victory, this time

against the girls from Salem High School.

Londonderry got their fourth consecutive win and their seventh win of the season with a 3-0 shutout of the Lady Blue Devils.

Scoring goals were: Rease St. Gelais, assisted by Jordon Furlong; Caroline Leone with an assist by Katie Doherty; and Doherty from Daileanes.

The Lady Lancers will finish the regular

season at home with what should be a tough game against the Windham High School Lady Jaguars who have only lost two games this season.

Lady Lancer junior Rease St. Gelais had a goal in the team's game against the Lady Blue Devils on Saturday. Photo by Chris Paul

Lady Lancer Soccer Squad Drops Two More Contests

CHRIS PAUL
LONDONDERRY TIMES

After starting a four game winning streak in the fifth game of the season, the Londonderry High School Girls' soccer team started four game losing streak following their Mack Plaque game against Pinkerton.

Last week the downward ending streak continued when they faced two tough opponents.

Starting on Tuesday, Oct. 5, the Lady Lancers traveled to Nashua, where they faced an undefeated Bishop Guertin Lady Cardinals team and suffered their third straight defeat.

The BG girls scored three unanswered goals for the 3-0 shutout, with that loss the Lady Lancers dropped to 5-7 for the season.

The Lady Cardinals had nine shots on net and Londonderry wound

up with just one

The first half goals were scored by BG's Renee LeBlanc from Brooke Paquette and Madeline Maloney from Brooke Paquette.

The lone second half goal went to Alyson Guerette from Brooke Paquette.

Two days later the score was closer but the result was the same when they played Hanover High School in Londonderry.

The Lady Marauders handed the Lady Lancers their fourth consecutive loss, a 3-1 final score and putting the LHS squad at 5-8 heading into the last two weeks of the fall season.

Hanover took the early lead with the only goal in the first half in the 21st minute by Nora Bradley from Maeve Lee.

In the second half, HHS added to the lead with a goal by Casey

Havrda from Emma Torresani at the 51st minute.

In the 66th minute, senior Brynn Foster scored the first goal in three games for the LHS girls bringing the score to 2-1 with time running out.

Hanover's Casey Havrda added an insurance goal in the 71st minute assisted by Nora Bradley.

Londonderry was able to penetrate the defense better in this game and had six total shots on net.

Hanover had seven shots on Lancer keeper Liana Sawyer.

Londonderry will try to get things turned around this week with games against Windham High School (7-5-1) on Tuesday in Windham and a game at home against the Winnacunnet Lady Warriors (3-9) on Thursday, Oct. 14.

join us for a discussion session. The Londonderry Republican Committee (LRC) meetings are the place where the topic is always politics and like-minded Londonderry residents come together and collaborate for Republican victories. If you are a Republican thinking about running for an elected office you can talk with and learn from those who know what it takes to be a successful candidate. State Representatives and officials often attend our meetings. For more information contact LRC Chairwoman Liz Thomas at eathomas@comcast.net.

Share a Story with Library Friends

Drop by the Leach Library Facebook page to share a quick story with library friends. New videos will be available to watch on Thursday, Oct. 14 and Thursday, Oct. 28 at 10

a.m. To reserve the featured titles, please call the library at 432-1132 or sign in to your account on the library catalog.

Young Adult Craft

On Monday, Oct. 18, at 10 a.m., a virtual craft video for teens will be available on the Leach Library Facebook page, blog, and YouTube channel. Follow along with Miss Megan to make your own Halloween-themed mask. Craft kits are available by the main desk while supplies last.

Story Time

On Monday, Oct. 25, at 10 a.m., join Miss Jennifer for a special "Once upon a Pumpkin" story time! The video will be available to watch on the Leach Library Facebook page throughout the fall. To reserve the featured titles, please call the library at 432-1132 or sign in to your account

on the library catalog.

Free Trunk or Treat

All are invited to a Free Trunk or Treat event at Island Pond Baptist Church, 26 North Salem Rd., Hampstead, on Saturday, Oct. 23, from 1 - 3 p.m. There will be a blow up jousting arena, a blow up bouncy slide, food trucks, balloon twisting, games, and lots of candy. An afternoon of fun for the whole family. For more information, contact us at info@islandpondbc.com, 603-329-5959. Visit us on the web www.islandpondbc.com

Football Meals

At the American Legion Post 27 a team of people is cooking, smoking or frying food each Sunday during football season. Members and guests are welcome to attend and the cost is \$5 per person. Post 27 is located

Classified Advertising

READERS ARE CAUTIONED that we occasionally run ads that require an initial investment or money in advance. We urge our readers to "do their homework" before responding to any ad, check out the advertiser thoroughly and verify their claims to your total satisfaction. Only then should you proceed at your own risk. We try to screen ads that require you to send money before receiving a product or service. But these efforts are no substitute for your own investigation, and we don't endorse or guarantee any claims made in any of the ads we publish. If you want more information about claims made in ads on subjects such as work at home opportunities, travel or vacation specials, purchasing land or vehicles from government surplus or below wholesale, loans or other credit opportunities (including credit repair), or weight loss and other health products and services, we urge you to contact the Office of Attorney General, Consumer Protection Bureau, 33 Capitol Street, Concord, NH 03301 (603-271-3641) or the Better Business Bureau at 603-224-1991. Publisher is not responsible for any loss of business if an ad does not run, and we reserve the right to revoke any ad if deemed necessary. No refunds will be given for prepaid ads.
